Technical Information: Concrete release agent, mineral oil-free KB 5000

Chemical name : Concrete release agent, mineral oil-free KB 5000

Sustainable concrete release agent for wooden formwork. Free of mineral oils or vegetable oils; water- and polymer-based

pH : ca 8,8

advantage : biodegradable, oilfree

Einecs-No. : Gemisch

CAS-No. : Gemisch

General informations :

Concrete release agent, mineral oil-free KB 5000 is a completely oil-free, innovative, biodegradable concrete release agent based on water/polymer. Free from mineral oil and solvents.

Concrete release agent, mineral oil-free KB 5000 can be applied directly to the formwork without further dilution.

Application :

Application advantages

- Mineral oil-free
- Solvent-free
- Odorless
- Prevents pore formation
- Ensures smooth, clean surfaces
- No hazard labeling required
- Clean formwork boards, no deposits
- Excellent release properties

Hazard Informations :

Release agent for concrete, mineral-oil-free KB 5000 is label-free, free from any concerning ingredients, and therefore meets the highest occupational safety requirements for the protection of your employees.
