Technical Information: Order Picking and Palletizing

Chemical name :	Order Picking and Palletizing
	Preparation of goods for shipment, including securing the load
Order Picking :	general cargo and packaged goods
Palletizing :	on disposable or Euro exchange pallets.
General informations :	We package products for you on a contract basis as piece goods according to your specifications and reliably in compliance with specified legal and customer-specific requirements.
Application :	Picking and palletizing are carried out manually. Marking several products on a pallet can be done by arrangement before or during packing according to your specifications. The pallet labels can be produced by us according to your specifications.

Hazard Informations :

Before shipment, we require a safety data sheet for the products to be shipped. If such an SDS is not available, our dangerous goods officer can assist you in preparing the safety data sheets.
