Technical Information: SPC Chain Spray Eco

Chemical name : SPC Chain Spray Eco

Chain Spray for Agricultural and Conveyor Technology

advantage : biodegradable, oil-free, easy to wash off

General informations : SPC Chain Spray Eco is a highly effective chain spray specially developed for use in agricultural and conveyor technology. SPC Chain Spray Eco offers excellent corrosion protection and is suitable for both professional and private use.

Thanks to its biodegradability and approval for food contact, it is an environmentally friendly choice.

At the customer's request, we can also fill SPC Chain Spray Eco as a white-label product for resellers in various container sizes.

Application :

SPC Eco Chain Spray is used for lubricating chains in agricultural machinery and conveyor systems. It ensures smooth operation and extends the service life of chains through its excellent corrosion protection. Customers benefit from easy application and the assurance that the product is food-safe.

Hazard Informations :

Since SPC Chain Spray Eco is free of hazard labeling, no special hazard warnings are required. Nevertheless, we ensure that all products are labeled and handled safely in order to guarantee the highest safety standards.
