Technical Information: SPC Multi-Purpose Oil

Chemical name :	SPC Multi-Purpose Oil
	oil for corrosion protection, lubrication, cleaning, rust removal
advantage :	Efficient Rust Removal and Corrosion Protection
advantage :	Water-repellent for protection against moisture
Synonym :	Allzwecköl, Schmiermittel, Rostlöser

General informations :

SPC Multi-Purpose Oil is a versatile product specifically developed to work in five key areas: corrosion protection, lubrication, cleaning, rust removal, and as contact spray.

SPC Multi-Purpose Oil effectively penetrates rust and corrosion and forms a thin protective film against moisture. Its water-displacing properties make it particularly useful for protecting metal parts and electrical assemblies.

SPC Multi-Purpose Oil is available in various package sizes and can also be supplied as a white-label product for resellers with customer-specific labels.

Application :

Advantages of SPC Multi-Function Oil:

- Efficient rust removal and corrosion protection
- Excellent lubricating properties
- Versatile applications
- Water-displacing to protect against moisture
- Suitable for a wide range of materials including metal and plastic

Application instructions:

Clean the surface to be treated before use. Spray evenly from a distance of approximately 20 cm. Apply regularly for optimal results.

Hazard Informations :

SPC multifunctional oil is subject to labeling requirements in accordance with the Hazardous Substances Ordinance and EC directives. Read the label and product information before use. Keep away from sources of heat and do not smoke during application. Keep out of reach of children. If aerosol is inhaled or if you feel unwell, contact a doctor immediately.
