Technical Information: SPC Rust Protection Spray Eco

Chemical name :	SPC Rust Protection Spray Eco Rust-preventive spray for outdoor machinery
advantage :	biodegradable, oil-free, easy to wash off
Areas of Application :	protect machines and metal parts outdoors from rust and wear.
Synonym :	Korrosionsschutzspray, Rostschutzmittel, Schutzbeschichtung

General informations :

SPC Rust Protection Spray Eco is a biodegradable rust protection spray specially developed for outdoor use. SPC Rust Protection Spray Eco offers excellent cold resistance and effectively protects against corrosion and wear.

SPC Rust Protection Spray Eco is flame-retardant and poses only a low health risk.

At the customer's request, it can be filled into various containers and is also available as a white-label product for resellers.

Application :

SPC Rust Protection Spray Eco is used by customers to protect machines and metal parts outdoors from rust and wear. SPC Rust Protection Spray Eco significantly extends the service life of treated workpieces. Customers appreciate the easy application thanks to the practical spray packaging as well as the product's rapid biodegradability.

Hazard Informations :

Since the aerosol packaging of SPC Rust Protection Spray Eco is a flammable aerosol, we take comprehensive measures to ensure safe labeling and handling. Our packaging is designed to meet the highest safety standards. All relevant safety data sheets are provided to ensure safe use.
